4Line

4Line is one of the solutions available in our System furniture collection, aiming to answer all individual and collective workspace needs. Easy to assemble and capable of adapting to evolving usage requirements, 4Line is an exercise in the optimisation of space and costs.

"4LINE is built around an elegant yet sober conceptual design, expressed through crisp lines and refined detailing. The range is exceedingly popular among my colleagues, whether in individual trade marketing spaces or more collaborative and teamwork orientated environments."

**YANNICK BELLEC** Commercial Director Europe

Ideally suited to teamwork settings thanks to shared-leg configurations and multiple layout designs

Shared-leg configurations allow the incorporation of desktop screens and other accessories. The legs are set back to **facilitate freedom of movement between desks.**

Technical specifications

1 High-density particle board, 30 mm thick, with a decorative sheet of melamine on both sides of the top and rounded edges. Strip of ABS 2 mm thick fitted to desktop edging. Worktops feature 1, 2 or 4 'EOL' cable ports in matching finish to the legs. These are composed of an outer ring ø 8cm incorporated in the worktop and ø 6 cm snap-in element for feeding cables through.

2 Fixed rounded triangular metal legs. Decorative trim fold running along the length of the legs on the 2 outer faces. Stabilizer feet adjust through 15 mm. Worktop height: 74 cm.

3 Fixed metal legs, fitted with cable management features and a removable housing cover on the inside of the leg. Cabling can be fed through from the base of legs to the worktop. Quick and easy assembly or reconfiguration of work-surfaces thanks to identical mounting bracket design for both independent and shared leg structures. Worktop height: 74 cm.

4 Height-adjustable legs with detachable housing cover on the inside of the leg. Lower section of the leg with integral height gauge to facilitate symmetrical adjustments. Worktop height: from 62 to 86 cm, adjustable at 2 cm intervals. Additionally, stabilizer feet adjust through 15 mm.

5 Shared central support leg, allows joining of up to 4 worktops to a single metal mounting bracket.

6 Multifunctional cable trough and structural beam, included with desks of W. 160 and 180 cm. Optional for worktops of W. 120 and 140 cm. The cable trough design allows concealment of electrical trailing sockets and cables, on either visitor or user sides. Fitted with tie-straps for securing of cables. Usable dimensions: D. 94 x H. 85 cm.

7 Mounting plates for attaching a desk-height pedestal to the worktop. Replaces the supporting leg on compact desk return units.

8 Optional metal modesty panel, attaches by means of screws and metal inserts. Height 24 cm.
■ Rectangular desks D. 80 cm

Starter unit desks come with 2 fixed legs incorporating cable management feature. Subsequent add-on unit features 1 fixed leg with cable management. All the legs on the adjustable height desks incorporate cable management.
