- Twin motor electric height adjustable frame
- 3 stage lifting columns
- Height range: 624–1274 mm (including 25 mm work surface)
- Movement Speed: 30 mm/sec
- Extremely quiet drive system
- Telescopic width adjustment: 1000–1600 mm
- Accommodates work surfaces 600–800 mm deep
- Lifting capacity: 100 kg
- Collision detection with built in gyro sensor
- Duty cycle: 2 minutes on, 18 minutes off
- Supplied with memory switch (3 presets)
- Optional lower cable tray
- Integrated USB charging port

Anti-Collision Technology

Freedom Air is fitted with collision detection technology as standard. The solution is based on a gyro that has been integrated in to the control box – without visually altering the desk design. The built-in gyro reacts to any obstruction when raising or lowering the desk, and halts and reverses at the point of collision. This safeguards your furniture as it prevents material damage to a desk if a collision with a solid object occurs.

Freedom Air - Electric Sit/Stand Back to Back Bench

Trim finishes

Some Imperial furniture ranges are available from 2 frame finish bands.

Band 1 finishes are standard colour options across all Imperial product ranges.

Band 2 finishes are available on specific product ranges and some are subject to an **£85 net** surcharge **per order**. Please add **SURCHARGE-AT** as a line item to your Purchase Order for each Band 2 frame finish that is subject to a surcharge.

The £85 surcharge is applied to each Band 2 frame finish per order.

Please note: Anthracite and Clear Coat are not subject to a colour surcharge

Band 2 finishes are subject to a minimum 4 week leadtime.

BAND 1 Frame Finishes

BAND 2 Frame Finishes (Band 2 product codes have a suffix of .B2. Please specify frame finish when ordering)

Please note: Only specific furniture ranges are available with a Band 2 frame finish

Contrasting Edging - Contact our Specials Department

Please note: Due to printing limitations we recommend that you request a wood sample card before ordering
