boardroom & conference furniture

INTRODUCTION

Presentation is crucial in today's competitive business world. A Boardroom or Conference Table is the focal point of any meeting room and often a symbol of status and power. It's where deals are made and contracts signed with lasting impressions.

Boardroom Tables are often seen as static units placed once for a sole purpose and rarely moved or reconfigured. Conference furniture is more adaptable to its requirements. Ideal for group activities from meetings to education, the configurations are endless. Storing is made easy with Stacking, Tilting or Folding Tables. Create a third dimension to these spaces by adding exclusive Storage for any eventuality.

Let Reunion assist in providing you with a professional and sophisticated company image incorporating contemporary design elements with modern materials and finishes.

Chrome classic solo legs enhance any boardroom environment. Rectangular glass shelves located on raised steel studs create a stylish effect.
